

British Dental Trade Association Training

LABORATORY WORKSHOP 28 October 2009

Matthew Boulton College, Birmingham
£95 plus VAT per delegate - (whole day inc. lunch)

This course is aimed at those who want to learn more about the work of the Dental Technician and is particularly relevant for those working in companies supplying dental laboratories. It is also extremely worthwhile for those preparing to take the *BDTA Certificate: Introduction to Dentistry* examination.

The workshop is held in one of the state-of-the-art laboratories at the Matthew Boulton College in Birmingham and has a highly practical, "hands-on" content. Students will learn more about the different types of impression materials, crowns, bridges, onlays, inlays and veneers.

If you would like to attend this course, please complete the form and return to the BDTA by Wednesday 30 September 2009.

The following delegate(s) would like to attend the Laboratory Workshop to be held on 28 October 2009 at the Matthew Boulton College in Birmingham.
